European Academic Forum of the Jean Monnet Chair

“Challenges and Opportunities for the Future of Europe – a View from Germany”

Dear Colleagues and Friends,

Tuesday, 7 November 2023

14:30 – 16:00 (CET)

Mestni trg 23, Ljubljana

you are cordially invited to the 18th European Academic Forum organised by the Jean Monnet Chair of the New University, dedicated to

“Challenges and Opportunities for the Future of Europe – a View from Germany”

The European Union is facing extreme challenges. Internally, there has been a soul-searching exercise going on for more than a decade now in response to the many crises that the EU has been faced with. Some, but certainly not all answers, to those crises have been provided for during the Conference on the future of Europe. Externally, the geo-strategic environment has since the end of the Cold War never been as unstable as it is now. The EU will thus have to act if it wants to remain in charge of its own future and, at the same time, influence with good practices the global affairs. Since the start of the project of integration, Germany has always played a pivotal role in the construction of the European Union. How does Germany see its role in the EU today and what kind of European Union of tomorrow would be desirable from the German perspective?

These and other questions will be discussed during this episode of the European Academic Forum with his excellency:

Adrian Pollmann, the Ambassador of the Federal Republic of Germany to Slovenia.

Please confirm your attendance at the forum no later than November 6, 2023 at: pr@nova-uni.si.

With best wishes,
prof. dr. Matej Avbelj
